BOARD CHAIR & LEADERSHIP MESSAGE

2021 Year in Review

2021, the year informally labeled the year of unknowns. As we moved through the year, cautiously, we learned that COVID, through the Delta surge, was very much still here, whether we were over it or not. Our ability to accept, adapt and adjust was tested once again.

Trey Sanders, 2021 Board Chair, began the year conveying the opportunities and connections offered to our business members, which prove to be priceless when navigating times like this. Building a business network and information source directly affects business success.

Advocating for local, small business, always in our wheelhouse, was a constant. PPP and ERTC remained the top two utilized programs. In addition, 2021 brought the navigation of vaccine mandates, employer relations, political divide, and sales tax collections. Census numbers were out and the positioning for the coming redistricting had begun.

If that were not enough to keep us all on our toes, Hurricane Ida tore through our region with a direct hit. Communications were down, trees were down, and relationships were vital in the worst of times.

Through it all, one thing is sure; we are forever transformed in the way we approach and do business. As the saying goes, "Experience is a hard teacher. She gives the test first and the lesson afterwards." Congratulations, as together, we have passed another test.
